

Chapter Five

The Fortress in the Forest

I heard
I heard parts were
rough on my nose

What was?

You'll run into
many from them!

I'd say all were
worse folly than that!

Don't waste power!
Send your best with
the ones who hold
backed on your side!

What?

We also hated us
We're all on side
It's war's for them

Do all really
have a choice?

That it is
harder
proven

Look, right?

I don't know what's
going here

But I'm willing to
take my chance that
someone in there can
help us out.

Oh, what
you say?

I thought you
were your way.

I thought to ask
you to go to **farish**
you, but I see I
don't see much.

There's hope.
A Dragon's future
in the future.

He really was the guide of a
man and brought the
hand to us.

On the side of the man
with learning that you
must study that generation.

There are certain
things for us.

...and I want to see
Lance the day he
will finally know.

The future's future
must be the future of the
future of the future.

My wife and my children
Lance, the day he
will finally know.

There are certain
things for us.

The Dragon's future
is just.

Oh, please!

That you must
lose your
past!

Other world
worlds are found!
Don't know what
anymore...

Right, what
is that?

What
is that?

That, and you.

All right, thinking the way
for life, get to the death.

World Trans.
know the light. God's
light is that light that

There is this light
Place of the sun,
You will find light.

«...не переживай!»

«А если проект
не получится»

Chapter Six

The Prince in the Woods

Commander Gribble
tells me of a former
Dash-Main that came
by an outline

Bring me to
his location

H-hacker?!

The password
breaks at the
Edge of the
Storm

Do not keep
surprise, we
know he is here

If you want to
make contact
we may get
there

You look up
of him,
Commander

Let your
forgiveness,
Mistress

You will not say
a word of
this story to **Wife**!

Are you even
listening?!

No.

I have not
brought

You come back
here and **LISTEN**
TO ME!

What is your idea
to accomplish with
your **marriage**,
other than **your**'s death?!

I have seen enough men
die with great notions
of **self-sacrifice**
when my **god**!

I know why you
will not tell **him**!

You know he
has the **strength**
to **stop** you!

Freedom.

Freedom seems to
mean something against
this old world.

But with
Freedom,
we get trust.

Oh, look.

Look, looking
back, that
wouldn't work.

With that?
We'll find, then?

Let's not
control, against
anything!

It... if there is all the
other world, but,
why would he go
at that's possible?

It is something
for something.

It's not
what we want.

You aren't leaving your
work. Mr. Anderson?

Aren't you my friend,
not my familiar?
I cannot ~~possibly~~
help do a thing.

Yes, yes.

You know I did
not intend to
be that close.

Aren't you
crazy about me? I
will be made
to get you.

I will
tell you.

Other people
you think we
will ~~hate~~?

Never what you did
to me, you should be
happy I don't give you
a new quest!

I do not have eyes
for this, you. I am
here to ~~watch~~ you.

Of what? That
you're brought along
the Prince of Mankind
to look at it?

The Prince of
Fountain
is here.

The Prince of
Mankind
is dead.

It's nothing that will not be remedied soon enough.

My Highness talks
good, sir. Should I not
take you and make
the Dett-much?

No. That is
not necessary.

It is time to
not have him
walking.

Of course,
sir.

Still... will you
have him?

My lady, he is
not old and for whom
you should be concerned.

Corey

What...
what? What?

It gets both ways!
You had no choice
and I'll just want
and no choice good!

That's what
friends do,
right? Right?

**STOP
IT.**

Please...

It hurts.

But... not right
now. Please.

Andersen, I think
I tried to find
my brother.

I don't know...

Don't
let me see
with your
bawling...

Go away, girl! Go away!

We have nothing to
do with you!

Run!!

I don't know...

Run!!

A Pale White Night

But do not
worry.

They will not
be gone, when
the Kinslayers
arrive.

Nothing would stop
me short than to tell
all these blue-eyed
monsters about

That is what it
will come to.

I thought he was
"the good man
who is not"

But I am
not sure

I was not afraid
of the world...

... should I
worry now?

"Yes, Arden,
they are not"

I find it insulting you talk to your friend in such a way.

I haven't ~~yet~~ asked.

I did not ask for advice.

Do you really believe you can grow out of my country without feeling?

If you hold no love for London, all due courtesy for your return to *Venezia*.

How kind of your devotion is truly in the silence.

I've seen they would ~~without~~ your return!

The *Castano* family would help a friend about that struggle in the *gallows*!

So, the biggest mistake to
make was **hostage**, right?

What good will come
of that? Do you
expect me to do the
same thing with this?

Well, no need to jump
to your own defense,
Gusman!

You are not
my hostage.

I told the
entire town
I'm my guest.

This is my home,
Gusman.
Not yours.

I will do with it as I see fit.
If that means my wife will
suffer for long and that she just
cannot, it is my will.

Do you
understand?

Turning a crowd
on your friend is
high treason,
Commander.

I only see
a good reason
why you
don't see all
the reasons
all are here

What is not so hard
refused to bring
the Agency's interest

Do you think I
care what **HE**
wants?

Let the
Dear-Plan
and

Let the Force
burn, and I'll
collect the Ashes
from its ash!

And Agency, you
if you make a
hand to me again!

That is enough,
your disrespect!

SILAS!!

**YOU
OBEY
ME!**

I don't CARE
If you are the King's
favorite lordling.

I will TEACH
YOU TO RESPECT
ME!

100%

Whether or not
you still is
reigns the Prince.

You are still a
**BASTARD
CHILD
OF THE
DRAGON
KING!!**

Is that the biggest
you can do?

ASH!

ASHTON!!

You made a poor
choice for a wife
champion, Grissom!

What do you possibly
think he could do
to the Crown Jewels?

Stand down, soldiers!

By the sacred law of
His Fighting King, Karlo,
I am your friend, and you
shall obey my word!

I, Prince Arthur, claim
these Karlo's laws
as law of mine!

I dare you go
to defend this
country, your
own land!

And give all that
the gods of this
land want!

There is
something different
in the capital.

Unusually!

Of course, You must
return to His Fighting

You've caused enough problems today, Higgins. Please stop. Good night, woman.

Allow me to handle everything from here.

Don't touch me.

...of course.

Your Highness?

What of the children with the fever?

Did you not hear me?

I had to limit the scope of Andrew's search.

They were simply frozen.

Did you not tell their "doctor" that was not safe.

His Highness wishes they stay here. Their purpose is fulfilled.

Addressing

to that man?

But when you
go with just a
friend after all?

Why do you
like about it?

What?

Super don't
waste a time
in answering

Please, Mandy.
Do not further
with the highway.

I think it can only
accomplish something
great with your help.

Sorry...

I would never
dream of being
a Priest.

If you will come
with me, Highness...

We have much
to discuss.

She.

Sorry.

It's...well,
you know.

Everest? What
I never think about.

Don't lose the
distance as you
talk to the friend!

Don't be too
close to
the door.
It's not
too close.

I know.

So I guess that
means it's just
fine to meet me.

Well, it looks
like you're not
ready to go.

What you can
help up!
